google suite

## project 01

### DESIGN RESEARCH FALL 2019

Gain insight into the processes, strategies, and professional practices that best address user needs. Our final project in community building was presented to teachers and administrators of Santa Monica College. The course allowed me to gain experience and knowledge in the following areas:

confirmation bias  
project management  
user interviews  
personas  
storyboards  
digital prototypes  
tangible prototypes  
case studies  
presentations  
qualitative research  
usability testing  
journey maps  
card sorting  
wireframes  
interaction design

## project 02

### TYPOGRAPHY II FALL 2020

Look at the current design directions of typography and develop a dynamic understanding of typographic compositions. The final project brief was to create a typeface and a series of posters to compliment its stylistic influences. My knowledge and skill set grew in the following areas:

visual design  
grid systems  
type anatomy  
sketching  
ideation  
glyphs app  
grid systems  
critique  
presentation

## education

### A.S. GRAPHIC DESIGN

santa monica college
